Bed & Desk
Storage
System

Fursys Education, the education system specialist, has also created the perfect dormitory.

For students and office workers living away from home, the dormitory is a special living space.

It needs to be comfortable to provide rest, as well a space in which they can work or study.

Fursys Education dormitory system has been structured to efficiently house all essential living units, such as bed, desk, storage, creating a space that's both peaceful and practical.

Dormitory

The dormitory is a place for rest as one prepares for the next day. Fursys Education effectively utilizes limited space, whether it houses one or several persons. Fursys Education dormitory is compact, yet practical living space.

Colors

To maximize the limited space inside a dormitory room, our combination desk and bed unit takes up minimal space without forgoing storage space-all within the dimensions of a single bed.

Details

Portable cabinet

Casters are attached to the cabinet bottoms for easy shifting and relocation. Cabinet can be placed under the bed to maximize room space.

Cabinet drawers

Drawers on the lower part of the cabinet are useful for storing small items such as underwear, socks, ties and belts.

Upper & lower side storage space

Upper part of the side panel has a mini-shelf, the lower part has a side cabinet for spacious storage.

Extendable work surface

Desk can be connected to a side-cabinet to maximize workspace.

Open side-panel

Side panel has a wire-hanging frame for hanging items such as bags.
