CRX

CRX series is a premium standard-to-large sized conference table system. It creates a unique space for the leaders of today. Finest quality table units with an Italian patterned wood finish can be combined in a variety of ways to create a number of conference layouts.

FEATURES & **DESIGN**

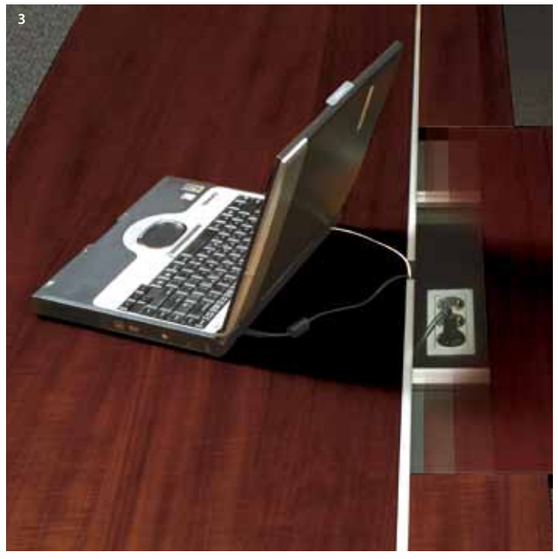
1. The linear aluminum moldings are involved in wire management while the aluminum die casting legs adds beauty to the product.

2. The uniquely designed horizontal and vertical ducts effectively manage all the wires from the various OA equipment used during conference.

3. The insert rail at the bottom of the table helps to open the backside of the table with ease and provides for a wider ranges of wire management.

1

2



3

1. When laid out in a “U”, the ensemble can be topped off with end panels in a matching finish.

2. The structure of two work surfaces sharing one side panel creates a simple design for this product.

3. The aluminum die casting legs not only provide its users a height-adjusting function, but also ensures enough space for the user’s knees.

UV PAINTING

UV spray coating provides a smooth lustrous and hardwearing surface when compared to existing urethane painting.

Combining paint with ultraviolet isolation power together prevents color fading from the sunlights.
