en**Able**

In this new era, an office that can be transformed freely for growth and that supports horizontal communication is necessary. enAble Series is designed to provide ergonomic design, convenient systems and unrestricted layout, representing a new office that increases work efficiency.

Wire Management

Built-in multiple tap (Duct type desk)
Built-in multiple tap is located in the wiring tray of the surface, enabling easy connection to power from the desk

Desk wiring system
Wiring space is available at the bottom of the desk, helping to organize messy electrical wires

Duct cover with dual side open/close
A cover that opens regardless of direction, enabling the use of electrical outlet and cable connection with ease

Convenient vertical wiring(optional)
Various wiring solutions that help organize cables in a vertical direction
※ Small capacity - Wire clip / Large capacity - Vertical duct

Wire clip

Vertical wire duct

Motion Desk

Environment for working in a standing position
Working in a standing position increases work efficiency while maintaining health.

Intuitive switch
A switch that marks height and then stores the configured height

Safety function
Anti-collision system stops automatically when it encounters an obstacle while adjusting height (PIEZO)

Range of height control
Adjusts to between 650 mm and 1170 mm with an electric-powered height control mechanism in accordance with body types and working styles of the user

Lower cover
Lower side can be organized in a tidy manner with adjustable height mechanism and wires storage

Additional installation of hanging drawer
Spacious storage space is secured with installation of hanging drawer at the upper panel (can be attached to motion desk 1600~1800)

General key

NFC key

Design

Duct type/Standard desk

Motion desk

Leg design
Creates a chic office space with diagonal legs for regular desks and slim base of motion desks

Ergonomics

Urethane arm pads
Soft urethane material is applied to arm-rests in order to reduce fatigue from long hours of work
※ Applies to Duct type/Motion desk

CPU holder
A 360° rotating functional holder is attached to the bottom of the desk to enable PC storage more convenient
※ Sold separately

Screen

Comforting fabric color
Natural color fabric creates a comfortable atmosphere for offices

Button with details
Details with buttons on a front screen emphasizes its design

Magnet attachment
Steel plate is incorporated for easy management of memos using magnets

Work surface

Various colors for surface
Various colors are available for surface, providing options to suit diverse office concepts

Open Multi Cabinet

Upper - Side storage space
Documents viewed frequently can be stored in an open storage space and additional accessories can be attached to accessory bar to organize office stationary

Lower - PC storage space
Large items such as mainframe computers and bags can fit in the lower storage space that is openly zoned
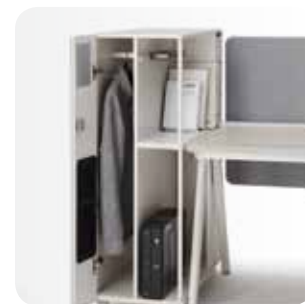

Closet
Equipped with storage structure that can organize clothes in a tidy manner. Mirror and accessories net can be attached inside

Horizontal wiring connection at the back
Horizontal wiring duct at the back of cabinet is utilized to organize wires horizontally when connected to the desk

Accessories/Stationery box
Various stationery are organized by types in a plastic box

Easy transportation
With smoothly moving casters at the lower side, you can move it easily wherever you want it to go

Cabinet back screen
Back screen with wiring function is attached for neat finish of the back side

Pedestal

Multipurpose storage
Pen trays and dividers can be combined to form a storage space of a desired structure

400mm

Compact size
400 mm wide drawer offers a spacious space under the desk

Upper
Side
Cabinet

Side storage space
An open storage space for easy retrieval and storage of frequently viewed documents

Various finishing materials for door
Consisting of magnetic top coat finish for attaching memo and a neat fabric finish
※ For top coat finish, accessories can be mounted

Configurable door position
Door has no division of left and right, so location can be easily changed

Trendy and practical design
Rounded corners present comfort and pattern designed magnetic board on the back is for memos to be attached.

Pen tray
Pen tray at the bottom supports neat arrangement of stationery.

Lower
Side
Cabinet

Sitting Pad
Supports a casual meeting task with an attachable seat pad

Efficient storage space
Frequently used items can be stored inside a drawer and hold documents separately

Bookend
An easily adjustable bookend helps keep organized books and documents in a neat fashion

Size selection
For a compact office, the 800 size cabinet would be the best use of space. When spacious storage space and collaboration are supported, select the 1200 size cabinet to organize a practical office setting.

Freely configurable inner structure
Location of the inner drawer and sliding door can be easily adjusted to satisfy the shape that one desires with no differentiation between left and right sides

Easy transportation
With smoothly moving casters at the lower side, you can move it easily wherever you want it to go
