

Library

Shelving
Table & Carrel
ETC.

School is a place for students to study with teachers,
the library is a space for self-learning,
a space that is available for all to use.

The library must be a place where information can
be found easily and it must provide comfort for all.

Fursys Education library system caters for both the user and administrator.
Fursys Education provides a library environment that is open to everyone.

L3 shelving

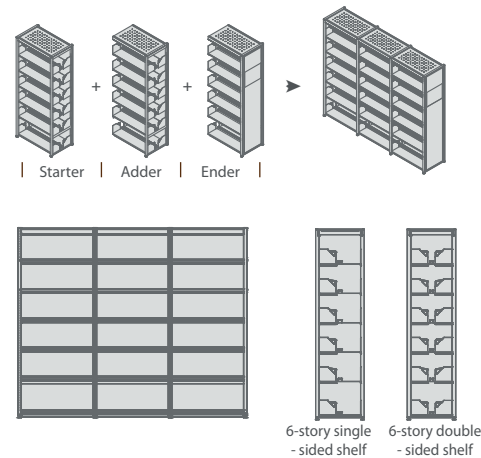

L3 shelving's glass side panels create a simple, elegant look. Sliding shelves can be installed additionally to increase user convenience.

L3 shelving

* Sliding shelf is optional.

Details

Sliding shelf

Sliding shelves can be installed below the existing shelves for users to conveniently place their books, stationery on while looking for data.
※ Optional

Sign board

Sign board can be attached to side of shelving and is able to be switched easily as required.

Glass side panel

Sides have been applied with glass panels to create an elegant, modern look. The combination of glass with steel surface creates style with impact.

Extrusion molding cover shelving

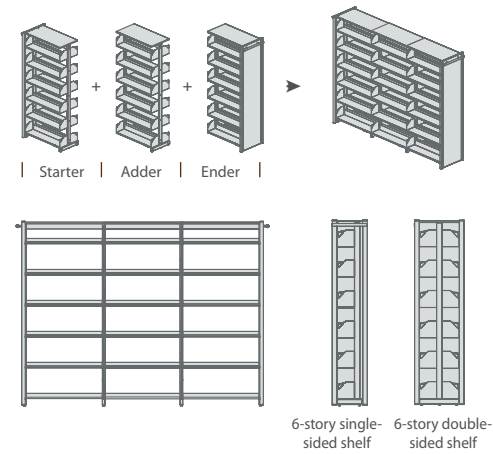

Shelving is stylishly designed with natural wood-finish side panels and titanium silver shelves.

Details

High-density curved cover
Edges of side panels are finished with high-density plastic for minimal damage, even upon collision with objects such as book trucks.

Height-adjustable shelves
Shelf height can be adjusted according to various book heights for space efficiency.

Nameplate
Nameplates can be attached to shelves. These nameplates can be placed horizontally, making it easy to organize books.
※ Optional : UAB4000 (1 set = 12 each)

Signboard
A hanging signboard can be attached to the side panel for user convenience.
※ Optional
Available in hook-type (UAB920B) and attachable type (UAB920A)

Anti-tilt connector / Connecting pipe
Connecting devices minimize tilt and rocking of the shelves.
※ Connector: 6-level connector is included; 3-5-level connectors are optional.
※ Connecting pipe is optional.

Plain shelving

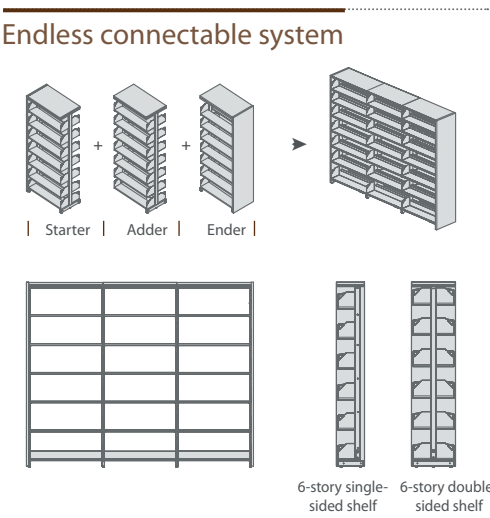

Standard metal frame, shelves and wood side panels create a peaceful, quiet library atmosphere.
