A modern and ergonomically designed seat and backrest ensure comfortable posture for hours.

Details

- Stacking**

Chairs can be stacked for easy storage and space efficiency.
- Folding writing surface**

Foldable writing surface makes rising from the seat easier. Bottom of writing surface has urethane-molded bumpers to reduce noise.
- Felt glide**

Felt glides are applied to chair legs to minimize noise and prevent floor scratches.

- Urethane edge surface / penholder**
- The writing surface can accommodate A4 notebooks, and has urethane-finish edges for durability. Pen holder prevents writing tools from falling.
